

ID#:

GENERAL STUDIES/UNDECIDED

2017-18

NAME:

DATE:

English Composition Placement is:

ACT ENGL score 21 or above

SAT Verbal score 501 or above

Reg for ENGLT122 or A205 _____

ACT ENGL score 20 or below

SAT Verbal score 500 or below

Register for ENGL-A100 _____

Students without a non-remedial transfer course in Math must take an ALEKS Placement Exam. Math Placement based on test scores is:

A092 ___ (crs do not count for degree)

If non-Science: T122 ___ or A115 ___

Exempt 3 crs of T122 or A115 _____

If Science: (A118 ___) A257 _____

ALEKS PLACEMENT SCORES: Non-Science/Non-Math Majors VS. Science/Math Majors**Non-Science** 0-45/MathA092, 46-75/MathT122 or A115, 76-100/Exempt. **Science** 0-45/MathA092, 46-75/MathA118, 76-100/MathA257.

Uncertain about your Major? In the General Studies program, you can discover your strengths & interests by taking courses in the Loyola Core, plus courses in potential Majors. You can be "undeclared" up to 4 semesters/55 credits: However, if the *entire* allowance is used it represents fully *half* the normal college-career, & you may fall behind. **You must actively research dpcls & requirements for the Majors that interest you: Print each dpcl of interest and track your classes on each one to discern your path, look for patterns, notice grades, etc. If you are considering a career in the Sciences, your math placement and successful completion of MathA257/Calculus is extremely important. Meet with your advisor to discuss strategies for staying on track as a General Studies student who may be interested in a Science Major.** The college & department listings in the Bulletin contain PDFs of the degree-plans (there's a link to the Bulletin at the top of every Loyola webpage). There are many variables between the Majors even within the same department: Each department has multiple concentrations that may impact your choices. Research is essential before choosing courses each semester: See the Bulletin at <http://bulletin.loyno.edu>. Choose "Undergraduate Bulletin," then "College of Arts & Sciences," and then click into each of the departments of interest to view the PDFs of the degree-plans.

Courses used in the major cannot also be used to satisfy requirements for a minor: Non-major courses WILL be applied to minors as appropriate.

GPA: Must achieve minimum 2.0 in the Major, Minor (if declared), and Loyola Cumulative GPAs.

*****Most degree-plans fulfill one (1) Knowledge-Value course in the Major: Discuss your possible Major/s with your advisor in case it reduces/changes your Knowledge-Value reqs.**
